Subject: DRAFT - Followup from BCT - Questions for Navy regarding Hunters Point radiation issues

Dear Derek,

[REDACTED]

In the
mean time, I'm also refining my questions for the Navy about the USCS presentation.

By the way, EPA's headquarters Superfund managers visited my office this week for their routine midyear check-in. They specifically requested a presentation about Hunters Point radiation issues. I presented a summary of the main themes from the attached. I am also preparing to send HQ the attached draft compilation of public inquiries that we have received thus far from the public and press. I tried to send these along to you along the way as I received them, but in case I missed any, here is my collection so far. If you have others to add, then I'd appreciate it if you could send them to me as well.

Thanks!

Lily
